## Sussex Improvement Partnership Shared Services Member Training Event

# *Service* A ~~problem~~ shared is a problem halved?

How do you provide high quality, value for money services that meet demand and keep costs down?

This conference is about meeting the challenge through joint working and community leadership.

## Workshops

There are two workshops – we will try to accommodate your first choice, but you will have an opportunity to discuss both issues during the morning.

### Joint Working

**Do you think it works?**

*Are there any real benefits?*

**Is it an opportunity or a threat?**

*Is your authority leading the way?*

### Community Leadership

**Are you ready to lead your community?**

*Do you need to change the way you work?*

**Do you want to be a community leader?**

*Is your authority supporting you to become a community leader?*
